*Traffic restrictions in Brown and Winnebago counties*

(Green Bay) The Wisconsin Department of Transportation (WisDOT) Northeast Region office in Green Bay is announcing US 41 Project lane restrictions for July 8 – July 12 in Brown and Winnebago counties. Drivers should be aware of 11-foot wide lanes and reduced speed limits in both counties and remember to use caution while traveling through any work zone. Details of all closures are included below.

### Brown County

#### US 41

Drivers should anticipate various, overnight single lane closures on southbound and northbound US 41 along the entire Brown County corridor from south of Scheuring Road to Lineville Road. Lane

closures can vary along the corridor, so drivers are urged to pay attention to road signs, slow down and use caution when entering any work zone. The US 41 Project plans to have at least one lane of traffic open at all times on both northbound and southbound US 41 during construction. This does not include shutdowns by local authorities for accidents or unusual incidents (such as weather).

In addition, drivers can anticipate several ramp closures:

- **Monday, July 8** - Southbound US 41 off-ramp to County G, southbound US 41 on-ramp from County G, and southbound US 41 on-ramp from Ashland Avenue will be closed from 9 p.m. to 1 a.m. Southbound US 41 on-ramp from Scheuring Road will be closed from 11 p.m. to 5 a.m.
- **Tuesday, July 9** – Northbound US 41 off-ramp to County G, northbound US 41 off-ramp to Ashland Avenue, and northbound US 41 on-ramp from County G will be closed from 9 p.m. to 5 a.m.
- **Wednesday, July 10** – Southbound US 41 off-ramp to Scheuring Road will be closed from 9 p.m. to 5 a.m.
- **Thursday, July 11** – Northbound US 41 on and off-ramps at County G will be closed from 9 p.m. to 5 a.m.

## **WIS 29 Tub girders**

Over the next few weeks, steel tub girders will be lift and set to construct the WIS 29/US 41 interchange flyover ramps. Drivers can expect various full overnight closures of US 41, WIS 29 and/or nearby ramps during these lifts. WisDOT will send a road closure alert and suggested detour to media, [www.US41Wisconsin.gov](http://www.US41Wisconsin.gov), and social media a day prior to the expected girder lift. Tub girder lifts are weather dependent and subject to change. If you have any questions regarding the steel tub girder lifts, please contact US 41 Communication Manager Mark Kantola at 920-492-4153 or email at [mark.kantola@dot.wi.gov](mailto:mark.kantola@dot.wi.gov).
